The eReader Cafe has listings every day for free Kindle books and a few bargain books. Daily email subscriptions and social media profiles are also available if you don't want to check their site every day.

Video Game Manual Scans

Started in 1999, the goal of The Manual Project is to scan as many US video game manuals as possible. Once scanned they are posted here so that everyone may read them. To date over 400 NES and SNES manuals have been scanned and posted, and the project is now expanded to include works from other sites.

Vimm's Lair: Preserving the Classics

You must take a look at this incredible online resource for manual scans. High Quality Scans features a huge collection of scans of video game manuals, distributed via BitTorrent. I've been looking for a site like this for quite a while, but most of the ones I come across are pretty low quality — not the case here.

I've been scanning images for many years now and always felt limited by the size of commercially available flatbed scanners, which are designed to scan nothing more than a sheet of page. Sure, there are large-format scanners available, such as tabloid/A3 scanners , or even bigger , but they are cost-prohibitive for the common folk.
