Description. A world literature class may be the first place that some students have encountered European works, let alone non-Western texts. The emphasis in this anthology, therefore, is on non-Western and European works, with only the British authors who were the most influential to European and non-Western authors (such as Shakespeare, whose works have influenced authors around the world to the present day).

World literature is used to refer to the total of the world's national literature and the circulation of works into the wider world beyond their country of origin. In the past, it primarily referred to the masterpieces of Western European literature; however, world literature today is increasingly seen in an international context. Now, readers have access to a wide range of global works in various translations. Many scholars assert that what makes a work considered world literature is its circula
